About Company

Glassco Traders is bounding to become the primary choice of architects and designers for revitalising new age designs and lifestyles.

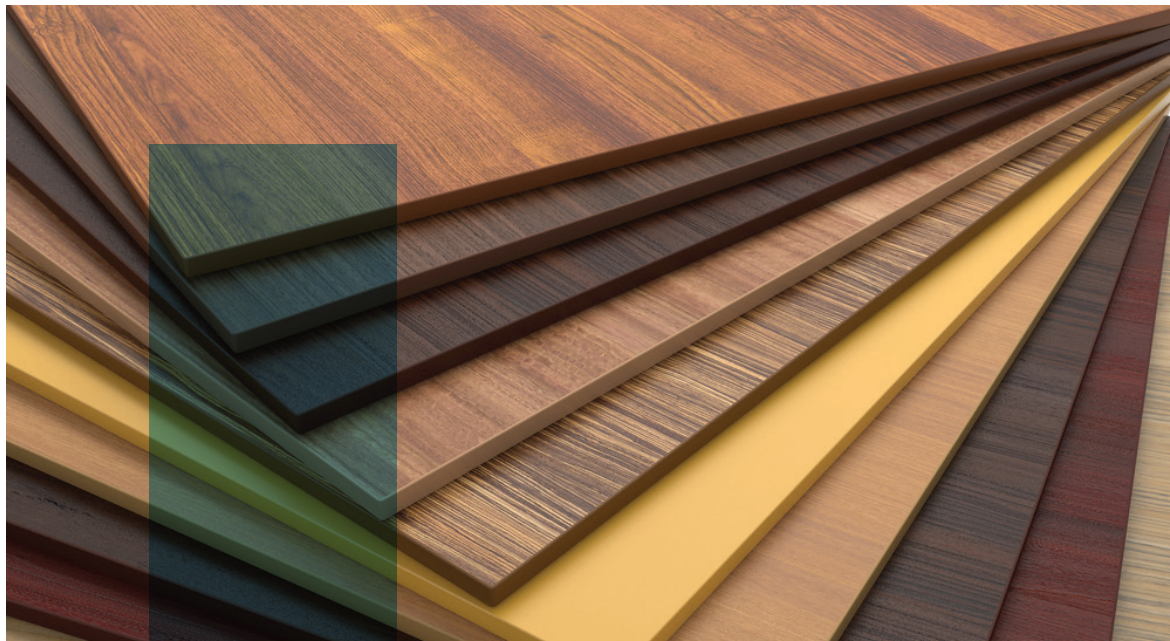

We assure our top-notch products will redefine and bring out a positive transformation in the ideas of your living spaces.

Expertise we gained from our 10 year experience has made a major ripple in market from a durable, reliable and quality products.

Our ultimate aim is to make a milestone in creating superior value to customer through differential living experiences from products and service.

Plywood

Glasco has a wide range of premium plywood brands at our showroom. Appolo, Anum, Shero Ply, Kemron, Green Ply, Marino Laminates, Green Laminates and Century Laminates are some of the top brands we proudly present to you. With us, you get enough choice to select the best product to design or renovate your surfaces. Whatever be your design idea, you can trust Glasco to find your required surface material that ensures style and superior quality. From premium quality BWP710 grade to BWR and MR grade plywood varieties, our plywood collection is comprehensive, not just to impress you but also to fulfill your requirement and make you content. Apart from different plywood varieties, we also have veneers, laminates, block boards, doors, PVC board, and particle board to make your space exquisite adding different textures, shades, and layers to your designs.

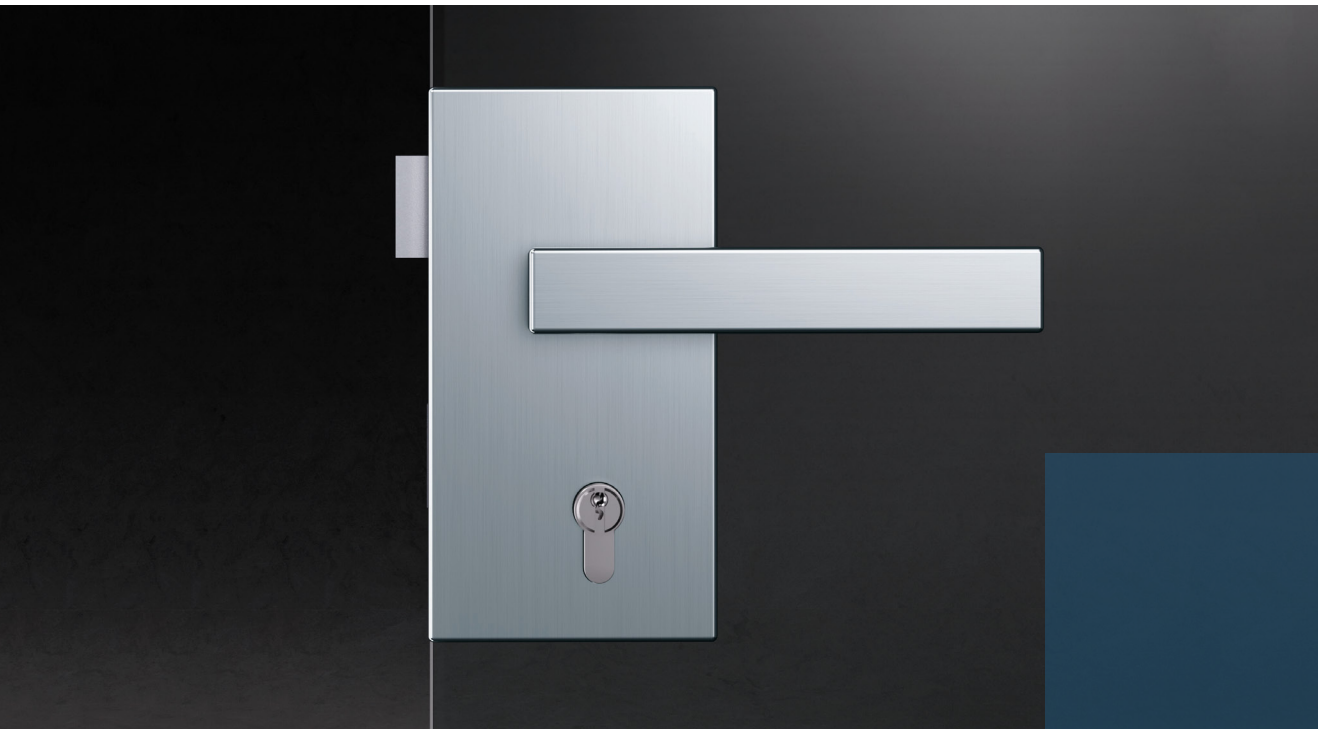

Glass

Glass is one material that is being widely used in construction nowadays. As glass is sustainable and completely recyclable, its significance in construction is growing day by day. While choosing the perfect glass for your home or office decor, Glasco has an exceptional variety of premium quality brands in our showroom. We provide the internationally acclaimed, Saint-Gobain glass to our customers, which is highly prized in the construction industry for its world-class quality. Apart from that, we also have glass from major brands such as Modiguard and Asahi India Glass Ltd. to help you choose the best glass material suitable for your architectural and interior projects.

Hardware

Building Hardware is an integral part of any building construction. It helps the building to function efficiently. Hardware fittings add to the aesthetics, functionality, and safety of a building and enhance the whole experience of construction. At Glasco, we have a full spectrum of classy and trendy hardware products that compliment your designs. Ebco, Godrej and Yale are some of the hardware brands we have at Glasco to make your space elegant and classy.

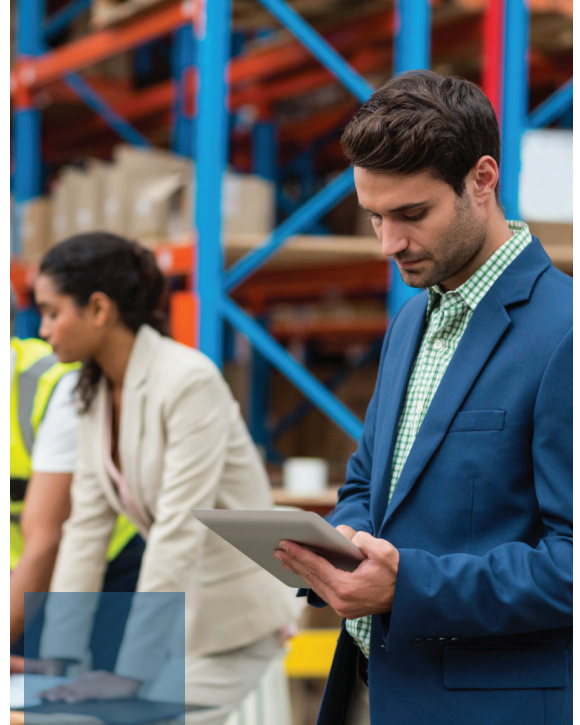

Kitchen Accessories

The real happiness of a home comes from the kitchen. The interior of your kitchen has to match your personality and individual likings. Not only that, for a kitchen to be fully functional, there must be an exact plan based on aesthetics, functionality, and efficiency. At Glasco, we have international brands such as Hafele, Kaff, Olive, and Sleek to impart your kitchen a regal look. If you need an impressive new kitchen with full functionality, Glasco is here to help you with a full range of quality kitchen accessories.

Quality:

Glasco is a trustworthy partner when it comes to quality. All the premium quality brands we bring to you are of international standard. We can guarantee you that the products at Glasco will be durable, efficient, and also competent with the best products in the industry.

Value:

We believe in transparency and client satisfaction. We always want to help our customers by providing the best sustainable solutions for their architectural and interior projects. Glasco never compromises on quality. We believe not just in doing business but also in maintaining a lasting and trustworthy friendship with you.
